INDEPENDENT AUDITORS' REPORT

November 28, 2005

Honorable Darlene Landry Assumption Parish Clerk of Court

We have audited the accompanying basic financial statements of the Assumption Parish Clerk of Court, as of and for the year ended June 30, 2005. These financial statements are the responsibility of the Assumption Parish Clerk of Court's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Assumption Parish Clerk of Court at June 30, 2005, and the results of operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In Accordance with Government Auditing Standards, we have also issued a report dated November 28, 2005, on our consideration of the Clerk's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and the other required supplementary information on pages 3 through 9 and Page 24, respectively, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Respectfully submitted,

Dean and Dean, CPA's

Management's Discussion and Analysis

Within this section of the Assumption Parish Clerk of Court's (the Clerk) annual financial report, the Clerk's management is pleased to provide this narrative discussion and analysis of the financial activities of the Clerk for the fiscal year ended June 30, 2005. The Clerk's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Financial Highlights

- The Clerk's assets exceeded its liabilities by \$507,669 (net assets) for the fiscal year reported.
- Total revenues of \$686,689 were exceeded by total expenditures of \$760,801, which resulted in a current year deficit of \$74,112. This was primarily due to the upgrade of software and replacement of certain network computers during the year at a cost of approximately \$125,000.
- Total net assets are comprised of the following:
 - (1) Capital assets of \$199,567 include property and equipment, net of accumulated depreciation.
 - (2) Unrestricted net assets of \$308,102.
- The Clerk's general fund reported total ending fund balance of \$308,102 this year.
- The Clerk's office is continuing to work to improve its financial position and modernize its services.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

Management's Discussion and Analysis (Continued)

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the Clerk's basic financial statements. The basis financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The Clerk also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The Clerk's annual report includes two government-wide financial statements which have been combined with the related fund financial statements and are displayed in the far right column of each statement. These statements provide both long-term and short-term information about the Clerk's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the Statement of Net Assets. This is the government-wide statement of position presenting information that includes all of the Clerk's assets and liabilities, with the difference reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Clerk as a whole is improving or deteriorating. Evaluation of the overall health of the Clerk would extend to other non-financial factors such as diversification of the taxpayer base in addition to the financial information provided in this report.

The second government-wide statement is the Statement of Activities, which reports how the Clerk's net assets changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the Clerk's distinct activities or functions on revenues provided by the Clerk's taxpayers.

The government-wide financial statements present governmental activities of the Clerk that are principally supported by fees charged for services provided by the Clerk's office. The sole purpose of these governmental activities is judicial services.

The government-wide financial statements are presented on pages 10 and 11 of this report.

Management's Discussion and Analysis (Continued)

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Clerk uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Clerk's most significant funds rather than the Clerk as a whole.

The Clerk uses governmental funds and fiduciary funds as follows:

Governmental funds are reported in the fund financial statements and encompass the same function reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the Clerk's governmental funds, including object classifications. These statements report short-term fiscal accountability focusing on the use of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statements are presented in the far left column of the statements with a separate column showing the adjustments between the government-wide statements and the fund statements.

The basic governmental fund financial statements are presented on pages 10-11 of this report.

Fiduciary funds are reported in the fund financial statements and report assets held by the clerk as an agent for litigants pending court action. The Clerk only reports agency funds.

The basic agency fund financial statement is presented on pages 12-13 of this report.

Notes to the basic financial statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 14 of this report.

Management's Discussion and Analysis (Continued)

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Clerk's budget presentations. Budgetary comparison statements are included as "required supplementary information" for the general and special revenue fund. These schedules demonstrate compliance with the Clerk's adopted and final revised budget. Required supplementary information can be found on page 24 of this report.

Financial Analysis of the Clerk as a Whole

The Clerk implemented the new financial reporting model used in this report beginning with the fiscal year ended June 30, 2004. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the Clerk's as a whole.

The Clerk's net assets at fiscal year-end are \$507,669. The following table provides a summary of the Clerk's net assets:

Summary of Net Assets

Governmental Activities

Assets:	2004		2005	
Current assets	\$ 387,789	76%	\$ 315,975	61%
Capital assets	124,030	24%	199,567	39%
Total assets	511,819	100%	515,542	100%
Liabilities:				
Current liabilities	5,575	100%	7,873	100%
Total liabilities	5,575	100%	7,873	100%
Net assets:				
Invested in capital assets	124,030	25%	199,567	39%
Unrestricted	382,214	75%	308,102	61%
Total net assets	\$ 506,244	100%	\$ 507,669	100%

Management's Discussion and Analysis (Continued)

Overall, the Clerk's office reports net assets of \$507,669. This amount is \$1,425 higher than last year. The Clerk's office has \$199,567 invested in capital assets. Current assets exceed current liabilities by \$308,102.

Summary of Changes in Net Assets

Governmental Activities

	2004			2005			
Revenues:							
Program:							
Court Costs, fees, & Charges	\$	294,086	47%	\$	367,714	54%	
Fees for recordings		246,102	40%		215,313	31%

Other Charges		23,708	4%		24,437	4%	
General:							
Interest		8,213	1%		17,371	2%	
Total Revenues		622,449	100%		686,689	100%	
Program expenses:							
Judicial services		653,820	100%		685,264	100%	
Total Expenses		653,820	100%		685,264	100%	
Change in net assets		(31,371)			1,425		
Beginning net assets		537,615			506,244		
Ending net assets	\$			\$			

Management's Discussion and Analysis (Continued)

GOVERNMENTAL REVENUES

The Clerk primarily relies on fees for recordings and court costs and fees to support its operations. These two revenues were 85% of the Clerk's total revenues. Also, note that program revenues covered 98% of governmental operating expenses

GOVERNMENTAL FUNCTIONAL EXPENSES

The total function of the Clerk's office is judicial service activities. Of the total cost, depreciation on the office equipment, vehicles and buildings was \$53,865 or 7.8% of total expenses. The primary expense of the Clerk's office was salaries and related benefits which was 70% of total expenses.

Financial Analysis of the Clerk's Funds

Governmental funds

As discussed, governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported an ending fund balance of \$308,102.

The unreserved, undesignated fund balance decreased by \$74,112 from the previous year.

Major Governmental Funds

The General Fund is the Clerk's only operating fund and source of day-to-day service delivery. The General Fund's fund balance decreased by \$74,112. In fiscal year 2005, the Clerk spent \$129,402 on computer equipment to upgrade and modernize the current operations. This was the primary reason for the deficit in fiscal year 2005.

Management's Discussion and Analysis (Continued)

Budgetary Highlights

The General Fund – When the original budget was adopted, it was anticipated that the total expenditures would exceed total revenues by \$95,654. However, due to an increase in staff necessary to keep up with the activity in the office as well as a higher than anticipated cost to upgrade the computer system, the budget was amended to reflect a deficit of \$138,000. The actual deficit was only \$74,112 because of an unanticipated increase in revenues.

Capital Assets and Debt Administration

Capital assets

The Clerk's investment in capital assets, net of accumulated depreciation as of June 30, 2005, was \$199,567. There was an overall increase of \$75,537 in capital assets. See Note D for additional information about changes in capital assets during the fiscal year and the balance at the end of the year.

Contacting the Clerk's Financial Management

This financial report is designed to provide a general overview of the Clerk's finances, comply with finance-related laws and regulations, and demonstrate the Clerk's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the Clerk's office, Mrs. Darlene Landry at 985-369-2478.

A. THE REPORTING ENTITY

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the Clerk of Court serves as the ex-officio notary public, the recorder of conveyances, mortgages, and other acts, and has other duties and powers provided by law. The Clerk of Court is elected for a four-year term.

As the governing authority of the parish, for reporting purposes, the Assumption Parish Police Jury is the financial reporting entity for Assumption Parish. The financial reporting entity consists of the primary government (the police jury), organizations for which the primary government is financially accountable, and other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Assumption Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. This criteria includes:

- . Appointing a voting majority of an organization's governing body, and imposing its will on the organization, and/or receiving financial benefits or burdens from the organization.
- . Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- . Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury has some control over the Clerk's capital budget, and is financially responsible for any deficit of the Clerk, should he have one, the Clerk was determined to be a component unit of the Assumption Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Clerk and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The accounts of the Clerk of Court are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the Clerk's office and accounts for the operations of the Clerk's office. The various fees and charges due to the Clerk's office are accounted for in this fund. General operating expenditures are paid from this fund.

Agency Funds

The Advance Deposit and Registry of Court Agency Funds account for assets held as an agent for others. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Fund Financial Statements (FFS)

The amounts reflected in the General Fund column of Statements A and B, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the Clerk of Court's operations.

The amounts reflected in the General Fund column of Statements A and B, use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Clerk considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Recordings, cancellations, court attendance, criminal costs, and other fees and charges are recorded in the year they are earned.

All other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the accrual basis of accounting when the related fund liability is incurred.

Government-Wide Financial Statements (GWFS)

The column labeled Statement of Net Assets (Statement A) and the column labeled Statement of Activities (Statement B) display information about the Clerk as a whole. These statements include all the financial activities of the Clerk. Information contained in these columns reflect the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Program Revenues - Program revenues included in the column labeled Statement of Activities (Statement B) are derived directly from Clerk of Court users as a fee for services; program revenues reduce the cost of the function to be financed from the Clerk's general revenues.

Budget Practices

Annually, the Clerk of Court adopts a budget for the General Fund. The budget is prepared on the modified accrual basis of accounting. All appropriations contained in the budget lapse at year end.

Formal budget integration (within the accounting records) is employed as a management control device. Budgeted amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments.

The proposed budget for the 2005 fiscal year was made available for public inspection at the Clerk's office on June 2, 2004. The proposed budget prepared on the modified accrual basis of accounting, was published in the official journal 10 days prior to the public hearing. The budget hearing was held at the clerk's office on June 17, 2004.

Cash and Cash Equivalents

Under state law, the Clerk of Court may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Clerk may invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Vacation and Sick Leave

The Clerk of Court's office has the following policy relating to vacation and sick leave: Employees of the Clerk of Court's office earn from one to three weeks of vacation leave each year depending on the length of service. Unused vacation leave is forfeited at the end of each fiscal year. In addition, employees earn 10 days of sick leave each year of which a maximum of 10 days may be carried forward to the next year. Because unused sick leave is forfeited upon termination, no accrual for unused sick is necessary.

Capital Assets

Capital assets are capitalized at historical cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Clerk maintains a threshold level of \$500 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Assets and Statement of Activities. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over useful lives ranging from five to twenty years.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Any designations of fund balance represent tentative management plans that are subject to change.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. CASH AND CASH EQUIVALENTS

At June 30, 2005, the Clerk of Court has cash and cash equivalents (book balances) totaling \$1,570,780 as follows:

Demand Accounts	\$	128,799
Interest Bearing Demand Accounts		176,071
Total General Fund Accounts		304,870
Agency Fund Accounts:		
Savings Accounts		304,306
Demand Accounts		27,610
Interest Bearing Demand Accounts		637,502
Total Agency Fund Accounts	_	969,418
Total Cash Balances	\$	1 <u>,274,288</u>

These deposits are stated at cost which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at June 30, 2005 are secured as follows:

	2005
Bank Balances	<u>\$ 1,326,953</u>
Federal Deposit Insurance Pledged Securities (Uncollateralized)	200,000
Total	<u>\$1,326,953</u>

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Clerk that the fiscal agent has failed to pay deposited funds upon demand.

D. CHANGES IN CAPITAL ASSETS

A summary of changes in general fixed assets for the year ended June 30, 2005, follows:

	Balance July 1, 2004	Additions	<u>Deletions</u>	Balance June 30, 2005
Equipment Less Depreciation Net Capital Assets	\$ 288,858 <u>164,828</u> <u>\$ 124,030</u>	\$ 129,402 <u>53,865</u> \$ 75,537	\$ 36,683 <u>36,683</u> \$ -0-	\$ 381,577

E. PENSION PLAN

Substantially all employees of the Assumption Parish Clerk of Court are members of the Louisiana Clerks of Court Retirement and Relief Fund ("System"), a cost sharing, multiple-employer defined benefit pension plan controlled and administered by a separate board of trustees.

All regular employees under the age of 60 at the time of original employment are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of credited service not to exceed 100 per cent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Clerks of Court Retirement and Relief Fund, 11745 Bricksome Avenue, Suite B1, Baton Rouge, LA 70816, or by calling (225) 293-1162.

Plan members are required by state statute to contribute 8.25 percent of their annual covered salary and the Assumption Parish Clerk of Court is required to contribute at an actuarially determined rate. The current rate is 14.50 percent of annual covered payroll. On July 1, 2000, the Assumption Parish Clerk of Court began making the contributions for its plan members' in addition to its actuarially determined contributions bringing the total contribution to 22.75 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish. The contribution requirements of plan members and the Assumption Parish Clerk of Court are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Assumption parish Clerk of Court's contributions to the System for the years ending June 30, 2005, 2004, and 2003, were \$67,036, \$51,091, \$43,304, respectively, equal to the required contributions for each year.

F. CHANGES IN AGENCY FUND BALANCES

The following is a summary of changes in agency fund unsettled deposits for the year ended June 30, 2005:

	Unsettled			Unsettled
	Deposits			Deposits
	June 30,			June 30,
	2004	Additions	Reductions	2005
Advance deposits	\$ 867,687	\$ 565,744	\$ 797,652	\$ 635,779
Registry of Court	325,098	56,928	50,110	331,916
Total	<u>\$1,192,785</u>	\$ 622,672	<u>\$ 847,762</u>	<u>\$ 967,695</u>

G. POST RETIREMENT BENEFITS

The Assumption Parish Clerk of Court provides certain continuing health care and life insurance benefits for retired employees. Substantially all of the Clerk's employees become eligible for these benefits if they reach normal retirement age while working for the Clerk of Court. These benefits for retirees are provided through an insurance company whose monthly premiums are paid half by the employee and half by the Clerk of Court. For the year ended June 30, 2005, the Clerk paid \$2,712 as its portion of retirees insurance for two retired employees.

H. DEFERRED COMPENSATION

All of the employees of the Assumption Parish Clerk of Court are eligible to participate in the State of Louisiana deferred compensation plan. Employees may contribute up to 25% of their salary (not to exceed \$8,000 a year) to the plan on a pre-tax basis. The contributions are withheld from the employees paycheck and the Clerk matches up to \$300 per month for each employee. The contributions are fully vested immediately and are remitted to a third-party administrator each payday, where they are deposited to an account in the employee's name. The Assumption Parish Clerk of Court does not assume any liability for the funds and does not have any control over the funds once they are remitted to the third-party administrator. During the year ended June 30, 2005 the Clerk's matching funds totaled \$11,090.

I. EXPENSES PAID BY POLICE JURY

State statutes require the police jury to pay for certain operating expenditures of the Clerk's office. These expenditures include providing the Clerk with office space and paying for the utilities of the Clerk's office. The value of these expenditures paid by the police jury cannot be reasonably estimated and have not been included in the accompanying financial statements.

J. RISK MANAGEMENT

The Clerk carries commercial insurance for all major categories of risk including workers' compensation, general liability, and automobile liability. There have been no significant reductions in insurance coverage for the current year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

OTHER REPORTS REQUIRED BY

GOVERNMENT AUDITING STANDARDS

The following pages contain reports on internal control structure and compliance with laws and regulations required by <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. The report on internal control structure is based solely on the audit of the financial statements and includes, where appropriate, any reportable conditions and/or material weaknesses. The report on compliance with laws and regulations is, likewise, based solely on the audit of the presented financial statements and presents, where applicable, compliance matters that would be material to the presented financial statements.

Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

November 28, 2005

Honorable Darlene Landry Assumption Parish Clerk of Court Napoleonville, Louisiana

We have audited the accompanying financial statements of the Assumption Parish Clerk of Court as of June 30, 2005, and for the year then ended and have issued our report thereon dated November 28, 2005. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Clerk's compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Assumption Clerk of Court's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

Honorable Darlene Landry November 28, 2005

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the Clerk, management, and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.

Respectfully submitted,

Dean and Dean, CPAs
